management accounting:
Information for Decision-
Making and Strategy
Execution explains how
business managers can
estimate and manage the cost
and profitability of their
products and customers. This
text also covers how
managers use financial and
nonfinancial information to
improve processes, design
and develop new products,
and motivate employee
performance. An approach to
management accounting from
the perspective of a
business manager.

Sixth Edition Management Accounting

By presenting actual accounting decisions made in companies like Target and Macy's, the text's precise coverage of the core concepts better engages students in the content. With a new focus on data analytics and new problems and applications in the 6th Edition, students receive the most up-to-date information and practice opportunities to prepare them for their future careers in accounting.
