The Challenge and Skills Builders are differentiated activity books to be used alongside the Cambridge Primary Science course. Cambridge Primary Science is a flexible and engaging course written specifically for the Cambridge Primary Science Curriculum Stages 1 to 6. The course uses an enquiry-led approach that helps pupils to think and work scientifically. Skills Builders provide consolidation activities for children who need extra learning opportunities to meet the standard for success. They also focus on scientific literacy for ESL children who find this a barrier to learning. A full range of activities help raise a child's scientific literacy and understanding to match their peers, with teacher/parental guidance on key scientific methods and concepts before each exercise.

Endorsed by Cambridge International Examinations. Support students in mastering the ideas and skills needed to proceed successfully through the Cambridge Primary Science curriculum framework with a wide range of activities and investigations to help you deliver the science mastery approach. - Establish previous knowledge, skills and understanding of concepts through engaging activities at the start of each unit - Determine whether students have properly mastered the objectives for each unit with investigations and recap activities at the end - Expand vocabulary and understanding with key scientific words to learn and practice - Encourage peer assessment with talk partner activities throughout - Inspire students to predict and question outcomes and concepts with investigations that demonstrate and test key scientific points - Evaluate learning with a self-assessment checklist at the end of each unit and a practice test at the end of each chapter for summative assessment purposes
