The third book in Megan McCafferty’s beloved, New York Times bestselling series—now with a new foreword by Rebecca Serle. Life finally seems to be going right for Jessica Darling. She escaped the New Jersey suburbs and attends Columbia University in New York City. She’s more into her boyfriend, Marcus Flutie, than ever—even if he’s at a college across the country in California. And she’s making new friends who can’t quite compete with her beloved bestie, Hope, but at least come close. If Jessica thought high school was hard, college brings a whole new set of challenges. She snagged an internship at a Brooklyn literary magazine, but will she ever fit in with the snarky staff? Can she even make it to graduation after her parents cut her off financially? And will her long distance relationship survive the pursuit by three new—and radically different—love interests? With the signature wit, cynicism and candor the series is famous for, Charmed Thirds takes readers on an unforgettable journey through Jessica Darling’s hilariously complicated college years.

Second Helpings continues Megan McCafferty’s New York Times bestselling series - now with a new foreword by New York Times bestselling author Rebecca Serle Jessica Darling is in her senior year of high school and things can’t seem to get worse: her best friend, Hope, still lives in another state, and the mysterious and oh-so-compelling Marcus Flutie continues to be a distraction she doesn’t need. Not to mention her parents won’t get off her back about choosing a college, and her older sister’s pregnancy is causing quite a bit of drama in the Darling household. The second book in Megan McCafferty’s critically acclaimed Jessica Darling series is fun, irreverent, and shows that being a teenager is never easy (or boring). Now with a foreword from New York Times bestselling author Rebecca Serle and a new author’s note from Megan McCafferty!

Devastated when her best friend moves away, sixteen-year-old Jessica Darling feels isolated at school and at home, as she struggles to deal with her father’s obsession with her track meets, her boy-crazy peers, and her own nonexistent love life.

The fourth book in the beloved, New York Times bestselling series - now with a new foreword by Rebecca Serle Jessica Darling is living the New York City dream. She’s subletting an apartment with her best friend, working for a magazine that cares about her psychology degree, and she’s still deeply in love with Marcus Flutie. But then Marcus proposes, and wants Jessica’s answer in a week. Is she ready to give up her NYC life of literary parties, art openings, and karaoke downtown to move back to New Jersey? Even if it’s to be with the boy (now man) who she’s been in love with for years? Megan McCafferty’s Fourth Comings, the next in the hilarious New York Times bestselling series, brings readers once again into the snarky, witty mind of Jessica Darling as she learns that reality is more complicated than dreamy clichés.

Crazy teachers; best friends turning pretty overnight; "The Unbreakable Laws of Cafeteria Line Cutting".... Junior high is rough, and Jessica Darling needs help! Enter older sister Bethany and her "It List," meant to help Jessica uphold "The Darling Domination of Popularity." In Jessica Darling's It List 3, Jessica faces the potentially mortifying outcome of the Top Secret Pineville Junior High Crushability Test. Plus, she's kind of stuck in the middle, as smarties and skaters unite to collect signatures on a petition to bring back the school's annual dance. Will the dramarama of seventh grade be Jessica's downfall? Not if she can help it.

Now a digital feature film! I hadn't even gotten to homeroom yet and I'd already discovered five hard truths about junior high: 1. My best friend had turned pretty. 2. She didn't know it yet. 3. It wouldn't be long before she did. 4. That knowledge would change everything between us. 5. And there wasn't a thing I could do about it. It's the first day of seventh grade. Is Jessica Darling doomed for dorkdom? New York Times bestselling author Megan McCafferty's hilarious new novel will have you laughing, cringing, and cheering for Jessica Darling as she learns that being herself beats being popular, pretty & perfect any day.

Old flames are reignited in the fifth and final book in the New York Times bestselling Jessica Darling series. Captivated readers have followed Jessica through every step and misstep: from her life as a tormented, tart-tongued teenager to her years as a college grad stumbling toward adulthood. Now a young professional in her mid-twenties, Jess is off to a Caribbean wedding. As she rushes to her gate at the airport, she literally runs into her former boyfriend, Marcus Flutie. It’s the first time she’s seen him since she reluctantly turned down his marriage proposal three years earlier—and emotions run high. Marcus and Jessica have both changed dramatically, yet their connection feels as familiar as ever. Is their reunion just a fluke or has fate orchestrated this collision of their lives once again? Told partly from Marcus’s point of view, Perfect Fifths finally lets readers inside the mind of the one person who’s both troubled and titillated Jessica Darling for years. Expect nothing less than the satisfying conclusion fans have been waiting for, one perfect in its imperfection. . . .

Growing Up Can Be Perfect in Its Imperfection The Jessica Darling series chronicles one young woman’s coming-of-age in the first decade of the 21st century. Over five books and ten years, Jessica Darling fumbles her way into adulthood. She evolves from a sixteen-year-old cynic, snarking in her diary about catty cliques, unrequited crushes, and other high school indignities, into a jet-setting twenty-six-year-old urbanite searching for more meaning in her life. Through all her misadventures in high school, college, and beyond, Jessica gets long-distance support from her best friend, Hope. But it’s her on-again/off-again love of her life, Marcus Flutie, who can always be counted on to complicate her life in ways that are infuriating, intoxicating, and ultimately irresistible. SLOPPY FIRSTS: Meet Jessica Darling—and fall for Marcus Flutie—in this high school comedy of many, many errors. A fresh, funny, utterly compelling fiction debut, Sloppy Firsts is an insightful true-to-life look at sixteen-year-old Jessica’s predicament as she embarks on another year of teenage torment—from the dark days after her best friend, Hope, moves away through her months as a type-A personality turned insomniac to her completely mixed up feelings about Marcus Flutie, the intelligent and mysterious "Dreg" who works his way into her heart. SECOND HELPINGS: Can Jessica survive senior year without losing her mind . . . or her heart? This time, Jess is going through the social and emotional ordeal of her last year at Pineville High. Not only does the mysterious Marcus Flutie continue to distract her, but Hope still lives in another state, and she can't seem to escape the clutches of the Clueless Crew, her annoying so-called friends. To top it off, Jessica’s parents won’t get off her butt about choosing a college. Will Jess crack under the pressure of senioritis? CHARMED THIRDS: Jessica is in college . . . and smart girls have more fun! Jessica has finally left her hometown/hellhole for Columbia University; she’s into Marcus more than ever (so what if he’s at a Buddhist college in California), and she’s making new friends. But Jess soon realizes that her bliss might not last. As she and Marcus hit the rocks, will she fall for her GOPunk, neoconservative RA . . . or for the hot grad student she’s assisting on a summer project . . . or for the oh-so-sensitive emo boy down the hall? Will she even make it now that her parents have cut her off financially? And what do the cryptic one-word postcards from Marcus really mean? FOURTH COMINGS: Is the real world ready for Jessica Darling? At first it seems like she’s living the New York City dream. She’s subletting an apartment with her best friend, working for a magazine that actually cares about her psychology degree, and is still deeply in love with Marcus. But when Marcus proposes—giving her only one week to answer—Jessica must decide if she’s ready to give up a world of late-night literary soirees, art openings, and downtown drunken karaoke to move back to New Jersey and be with the one man who’s gripped her heart for years. PERFECT FIFTHS: Does Jessica and Marcus’s journey end here? Or is it just the beginning? . . . Now a young professional in her mid-twenties, Jess is off to a Caribbean wedding. As she rushes to her gate at the airport, she literally runs into her former boyfriend, Marcus Flutie. It’s the first time she’s seen him since she reluctantly turned down his marriage proposal three years earlier—and emotions run high. They have both changed dramatically, yet their connection feels as familiar as ever. Is their reunion just a fluke, or has fate orchestrated this collision of their lives once again?

When a virus makes everyone over the age of eighteen infertile, would-be parents pay teen girls to conceive and give birth to their children, making teens the most prized members of society. Girls sport fake baby bumps and the school cafeteria stocks folic-acid-infused food. Sixteen-year-old identical twins Melody and Harmony were separated at birth and have never met until the day Harmony shows up on Melody’s doorstep. Up to now, the twins have followed completely opposite paths. Melody has scored an enviable conception contract with a couple called the Jaydens. While they are searching for the perfect partner for Melody to bump with, she is fighting her attraction to her best friend, Zen, who is way too short for the job. Harmony has spent her whole life in Goodside, a religious community, preparing to be a wife and mother. She believes her calling is to convince Melody that prepping for profit is a sin. But Harmony has secrets of her own that she is running from. When Melody is finally matched with the world-famous, genetically flawless Jondoe, both girls’ lives are changed forever. A case of mistaken identity takes them on a journey neither could have ever imagined, one that makes Melody and Harmony realize they have so much more than just DNA in common. From New York Times bestselling author Megan McCafferty comes a strikingly original look at friendship, love, and sisterhood—in a future that is eerily believable.

Is it impossible for old elementary-school friends and new junior-high friends to all get along as just, you know, friends? Good or bad, that’s what I’m about to find out. Jessica Darling is finally getting the hang of seventh grade! Hosting an epic slumber party might even help to make Jessica popular...but is that what she really wants? New York Times bestselling author Megan McCafferty’s It List series introduces readers to Jessica Darling, an unabashedly brainy seventh grader who tries to stay true to herself, even if it means being (totally not) cool.
