Styron's Darkness Visible First edition dust jacket, Darkness Visible: A Memoir of Madness Darkness Visible, Early Fragment, Page 1, 1986. Darkness Visible, Early Fragment.

The New York Times – bestselling memoir of crippling depression and the struggle for recovery by the Pulitzer Prize – winning author of *Sophie ' s Choice*. In the summer of 1985, William Styron became numbed by disaffection, apathy, and despair, unable to speak or walk while caught in the grip of advanced depression. His struggle with the disease culminated in a wave of obsession that nearly drove him to suicide, leading him to seek hospitalization before the dark tide engulfed him. *Darkness Visible* tells the story of Styron ' s recovery, laying bare the harrowing realities of clinical depression and chronicling his triumph over the disease that had claimed so many great writers before him. His final words are a call for hope to all who suffer from mental illness that it is possible to emerge from even the deepest abyss of despair and “ once again behold the stars. ” This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.

The author chronicles his descent into depression, discussing not only his own experience and recovery but also how others can find help

The destinies of three mysterious lost children entwine in this James Tait Black Memorial Prize-winning fable by the radical Nobel Laureate and author of *Lord of the Flies*. A figure had condensed out of the shuddering backdrop of the glare. He is born in fire: a naked child in the blood-red flames of London's Blitz. Miraculously saved but grotesquely burned, this mysterious orphan is named Matty. Doomed to a life of torment, he becomes a wanderer, a spiritual seeker after unknown redemption. They are also lost children: neglected twins, as exquisitely beautiful as they are loveless and sinful. Toni explores political terrorism; Sophy, sexual dominance and violent criminality. But their destinies will soon collide in an apocalyptic climax - one that illuminates the inner and outer darkness of modern humanity. 'Exceptional ... Irresistibly transcendent ... Golding seduces us. He transfixes, bewitches and confounds us.' Nicola Barker 'Extraordinary ... A hallucinatory, incantatory force ... The most powerful, and strangest, of all Golding's novels, and one of the great masterpieces of the twentieth-century English novel.' Philip Hensher 'A master craftsman in his particular sort of magic ... Golding's best book ... Wonderfully creepy ... A remarkable achievement.' London Review of Books 'A vision of elemental reality so vivid we seem to hallucinate the scenes ... Magic.' New York Times Book Review 'An intensity of vision without parallel.' TLS 'One of the most moving books I've ever read.' The Times 'Brilliantly spooky ... Written with great insight and a surprising humour, it is a thorough pleasure.' Atlantic Monthly

PART MEMOIR AND PART ELEGY, *READING MY FATHER* IS THE STORY OF A DAUGHTER COMING TO KNOW HER FATHER AT LAST— A GIANT AMONG TWENTIETH-CENTURY AMERICAN NOVELISTS AND A MAN WHOSE DEVASTATING DEPRESSION DARKENED THE FAMILY LANDSCAPE. In *Reading My Father*, William Styron ' s youngest child explores the life of a fascinating and difficult man whose own memoir, *Darkness Visible*, so searingly chronicled his battle with major depression. Alexandra Styron ' s parents—the Pulitzer Prize – winning author of *Sophie ' s Choice* and his political activist wife, Rose—were, for half a century, leading players on the world ' s cultural stage. Alexandra was raised under both the halo of her father ' s brilliance and the long shadow of his troubled mind. A drinker, a carouser, and above all “ a high priest at the altar of fiction, ” Styron helped define the concept of The Big Male Writer that gave so much of twentieth-century American fiction a muscular, glamorous aura. In constant pursuit of The Great Novel, he and his work were the dominant force in his family ' s life, his turbulent moods the weather in their ecosystem. From Styron ' s Tidewater, Virginia, youth and precocious literary debut to the triumphs of his best-known books and on through his spiral into depression, *Reading My Father* portrays the epic sweep of an American artist ' s life, offering a ringside seat on a great literary generation ' s friendships and their dramas. It is also a tale of filial love, beautifully written, with humor, compassion, and grace.

The first book to examine the spiritual and therapeutic practice of retreat in physical darkness to explore inner light • Shows how experiencing complete darkness over prolonged periods helps in developing mental clarity and creativity • Draws upon many indigenous and spiritual traditions that use this technique The use of ceremonial darkness is a classic and cross-cultural method for exploring hidden aspects of unconscious and super-conscious states, accessing invisible landscapes, and embracing the deeper recesses of the self. In *Darkness Visible* Heaven and Buxton examine the spiritual and therapeutic practice of taking retreat in physical darkness. For millennia mystics and sages have used darkness as a spiritual tool for breaking with their pasts, prior conditioning, and the limited reality of their societies. Spiritual seekers from many traditions--Celtic, Eastern, indigenous North and South American, Tibetan, and African--have used darkness as a tool for spiritual enlightenment. Heaven and Buxton show how experiencing complete darkness, even for

only a period of hours, brings about a remarkable clarity and mental stillness and thus provides a springboard for creativity, intuition, and spiritual development. They include exercises that explore lucid levels of dream consciousness, drawing both from their experience as teachers of this method and from the many cultures that include this practice in their spiritual traditions. Darkness Visible shows how deprivation of sight can truly teach us to see.

A “mesmerizing” biography of the #1 New York Times – bestselling author of Sophie’s Choice, The Confessions of Nat Turner, and Darkness Visible (Entertainment Weekly). William Styron was one of the most highly regarded and controversial authors of his generation. In this illuminating biography, James L. West III draws upon letters, papers, and manuscripts as well as interviews with Styron’s friends and family to recount in rich detail the experiences that shaped each of his groundbreaking books. From Styron’s Southern upbringing, which deeply influenced the Pulitzer Prize – winning The Confessions of Nat Turner and National Book Award – winning Sophie’s Choice, to his feud with Norman Mailer and the clinical depression that led to his acclaimed memoir Darkness Visible, West’s remarkable biography provides invaluable insight into the life and works of a giant of American literature.

“Thoughtful, candid” essays from the author of the #1 New York Times bestseller Sophie’s Choice (The Christian Science Monitor). This Quiet Dust is a compilation of William Styron’s nonfiction writings that confront significant moral questions with precision and vigor. He examines topics as diverse as the Holocaust, the American Dream, and the controversy that raged around his Pulitzer Prize – winning novel, The Confessions of Nat Turner. In each entry, Styron expertly wields his powers of insight to slice through the most complex issues. This Quiet Dust offers a window into the philosophical underpinnings of Styron’s greatest novels and is the ideal entry for readers seeking a greater understanding into the work of one of America’s most celebrated authors. This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.

After the great success in 1990 of Darkness Visible, his memoir of depression and recovery, William Styron wrote more frequently in an introspective, autobiographical mode. Havanas in Camelot brings together fourteen of his personal essays, including a reminiscence of his brief friendship with John F. Kennedy; a recollection of the power and ceremony on display at the inauguration of François Mitterrand; memoirs of Truman Capote, James Baldwin, and Terry Southern; a meditation on Mark Twain; an account of Styron’s daily walks with his dog; and an evocation of his summer home on Martha’s Vineyard. Styron’s essays touch on the great themes of his fiction – racial oppression, slavery, and the Holocaust – but for the most part they address other subjects: bowdlerizations of history, literary lists, childhood moviegoing, the censoring of his own work, and the pursuit of celebrity fetish objects. These essays, which reveal a reflective and humorous side of Styron’s nature, make possible a fuller assessment of this enigmatic man of American letters.

One of TIME’s 100 Must-Read Books of 2021 One of BuzzFeed’s Best Books of 2021 One of Vulture’s Best Books of 2021 Named one of the Most Anticipated of Books of 2021 by the Los Angeles Times, Literary Hub, and The Millions A searing and brave memoir that offers a new understanding of suicide as a distinct mental illness. As the sun lowered in the sky one Friday afternoon in April 2006, acclaimed author Donald Antrim found himself on the roof of his Brooklyn apartment building, afraid for his life. In this moving memoir, Antrim vividly recounts what led him to the roof and what happened after he came back down: two hospitalizations, weeks of fruitless clinical trials, the terror of submitting to ECT—and the saving call from David Foster Wallace that convinced him to try it—as well as years of fitful recovery and setback. Through a clear and haunting reckoning with the author’s own story, One Friday in April confronts the limits of our understanding of suicide. Donald Antrim’s personal insights reframe suicide—whether in thought or in action—as an illness in its own right, a unique consequence of trauma and personal isolation, rather than the choice of a depressed person. A necessary companion to William Styron’s classic Darkness Visible, this profound, insightful work sheds light on the tragedy and mystery of suicide, offering solace that may save lives.

A graceful and penetrating memoir interweaving the author’s descent into depression with a medical and cultural history of this illness. At the age of twenty-seven, married, living in New York, and working in book design, Mary Cregan gives birth to her first child, a daughter she names Anna. But it’s apparent that something is terribly wrong, and two days later, Anna dies—plunging Cregan into suicidal despair. Decades later, sustained by her work, a second marriage, and a son, Cregan reflects on this pivotal experience and attempts to make sense of it. She weaves together literature and research with details from her own ordeal—and the still visible scar of her suicide attempt—while also considering her life as part of the larger history of our understanding of depression. In fearless, candid prose, Cregan examines her psychotherapy alongside early treatments of melancholia, weighs the benefits of shock treatment against its terrifying pop culture depictions, explores the controversy around antidepressants and how little we know about them—even as she acknowledges that the medication saved her life—and sifts through the history of the hospital where her recovery began. Perceptive, intimate, and elegantly written, The Scar vividly depicts the pain and ongoing stigma of clinical depression, giving greater insight into its management and offering hope for those who are suffering.
