Evan Wright is the author of Hella Nation and Generation Kill, the basis of the HBO® miniseries for which he served as co-writer. Wright earned his degree in medieval and Renaissance studies from Vassar College, an education he soon put work at Hustler magazine, where he served as “Entertainment Editor.”.

Amazon.com: Generation Kill: Devil Dogs, Ice Man, Captain ... Generation Kill is a 2004 book written by Rolling Stone journalist Evan Wright chronicling his experience as an embedded reporter with the 1st Reconnaissance Battalion of the United States Marine Corps, during the 2003 invasion of Iraq. His account of life with the Marines was originally published as a three-part series in Rolling Stone in the fall of 2003. "The Killer Elite", the first of these articles, went on to win a National Magazine Award for Excellence in Reporting in 2004.

Evan Alan Wright is an American writer, known for his extensive reporting on subcultures for Rolling Stone and Vanity Fair. He is best known for his book on the Iraq War, Generation Kill. He also wrote an exposé about a top CIA officer who allegedly worked as a Mafia hitman, How to Get Away With Murder in America.

Although some compare his writings to those of Hunter S. Thompson, Wright claims his biggest literary influences were Mark Twain and British-American author Christopher Isherwood. The

Rolling Stone, this is the raw, firsthand account of the 2003 Iraq invasion that inspired the HBO® original mini-series. Within hours of 9/11, America's war on terrorism fell to those like the twenty-three Marines of the First Recon Battalion, the first generation dispatched into open-ended combat since Vietnam. They were a new pop-culture breed of American warrior unrecognizable to their forebears—soldiers raised on hip hop, video games and The Real World. Cocky, brave, headstrong, wary and mostly unprepared for the physical, emotional and moral horrors ahead, the “First Suicide Battalion” would spearhead the blitzkrieg on Iraq, and fight against the hardest resistance Saddam had to offer. Hailed as “one of the best books to come out of the Iraq war”(Financial Times), Generation Kill is the funny, frightening, and profane firsthand account of these remarkable men, of the personal toll of victory, and of the randomness, brutality and camaraderie of a new American War.

Generation Kill is about the young men sent to fight their nation's first open-ended war since Vietnam. Despite the flurry of media images to come of the recent wars in Afghanistan and Iraq, you have never really met any of these people, who serve as front-line troops. For whatever reason, the media simply doesn't get them. As we all know, news accounts of the last two wars focused almost exclusively on battlefield imagery of high-tech weapons wreaking astounding destruction, comply with analysis from retired army grandees and other experts, punctuated by the odd heart-warming patriotic sound-bite. The troops themselves play a role in the media's presentation of recent wars rather like extras in The Triumph of the Will. They are everywhere yet somehow invisible. When they speak you get the sense that what they are saying has been carefully scripted. Now Generation Kill tells the soldiers' story in their own words. The narrative focuses on a platoon of 23 marines, many of them veterans of Afghanistan, whose elite reconnaissance unit spearheaded the blitzkrieg on Iraq. This is the

story of young men that have been trained to become ruthless killers. It's about surviving death. It's about taking part in a war many questioned before it even began. Evan Wright was the only reporter with First Recon, which operated well ahead of most other forces, usually behind enemy lines. They were among the first marines sent into the fight and one of the last units still engaged on the outskirts of Iraq, even after the city centre fell. Generation Kill is not just a combat chronicle but an inside look at how people fighting in war actually experience it. It is both an action narrative like Black Hawk Down and a detailed portrait of a generation at war along the lines of Band of Brothers. It is not a book you are going to forget in a hurry...

Read Evan Wright's posts on the Penguin Blog. The New York Times bestselling author of Generation Kill immerses himself in even more cultures on the edge. Evan Wright's affinity for outsiders has inspired this deeply personal journey through what he calls "the lost tribes of America." A collection of previously published pieces, Hella Nation delivers provocative accounts of sex workers in Porn Valley, a Hollywood über-agent-turned-war documentarian and hero of America's far right, runaway teens earning corporate dollars as skateboard pitchmen, radical anarchists plotting the overthrow of corporate America, and young American troops on the hunt for

# Read Online Generation Kill By Evan Wright Fasionore

terrorists in the combat zones of the Middle East

An ex-Marine captain shares his story of fighting in a Recon battalion in Afghanistan and Iraq, beginning with his training at Quantico and following his experiences in the deadliest conflicts since the Vietnam War.

The star of HBO's *Generation Kill* and the real-life warrior from the *New York Times* bestseller presents his empowering philosophy. In his publishing debut, Rudy Reyes introduces his warrior philosophy of "Hero Living": part Homer, part Joseph Campbell, part Bruce Lee, and part Spider-Man. He outlines the various stages in the journey to bring forth the hero within: recognizing the hero's call, following the hero's path, and returning from the battlefield with the hero's hard-earned wisdom. Taking readers step-by-step through his program, Reyes draws from his own heroic story of how he triumphed over his harrowing childhood experiences of poverty and abandonment. Rather than giving up hope, he heeded the hero's call to live up to his full potential—first as a martial-arts champion, then as an elite warrior in the mountains of Afghanistan and sands of Iraq, and finally in his post-Marines life as a personal trainer, actor, and motivational speaker.

A harrowing yet inspiring portrait of a tormented consciousness struggling for reconciliation and peace, *JARHEAD* is authentic, revelatory and brilliantly crafted. Anthony Swofford's grandfather fought in WWII; his father fought in Vietnam; and he - a directionless, testosterone-battered teenager - became a scout/sniper in the marines and fought in the Gulf War. His account of that time is also part of a lineage - after Wilfred Owen, Norman Mailer, Michael Herr and Tim O'Brien, it brings the raw and searing tradition of soldiers' stories up to date.

American Desperado is possibly the most jaw-dropping, event-

# Read Online Generation Kill By Evan Wright Fasionore

filled, adrenaline-soaked criminal autobiography ever written. Like a real-life Scarface Jon was born into the upper levels of the Gambino crime family and witnessed his first murder at age seven. He became a one-man juvenile crime wave before joining an assassination squad in Vietnam.

March 23, 2003: U.S. Marines from the Task Force Tarawa are caught up in one of the most unexpected battles of the Iraq War. What started off as a routine maneuver to secure two key bridges in the town of Nasiriyah in southern Iraq degenerated into a nightmarish twenty-four-hour urban clash in which eighteen young Marines lost their lives and more than thirty-five others were wounded. It was the single heaviest loss suffered by the U.S. military during the initial combat phase of the war. On that fateful day, Marines came across the burned-out remains of a U.S. Army convoy that had been ambushed by Saddam Hussein's forces outside Nasiriyah. In an attempt to rescue the missing soldiers and seize the bridges before the Iraqis could destroy them, the Marines decided to advance their attack on the city by twenty-four hours. What happened next is a gripping and gruesome tale of military blunders, tragedy, and heroism. Huge M1 tanks leading the attack were rendered ineffective when they became mired in an open sewer. Then a company of Marines took a wrong turn and ended up on a deadly stretch of road where their armored personal carriers were hit by devastating rocket-propelled grenade fire. USAF planes called in for fire support play their own part in the unfolding cataclysm when they accidentally strafed the vehicles. The attempt to rescue the dead and dying stranded in "ambush alley" only drew more Marines into the slaughter. This was not a battle of modern technology, but a brutal close-quarter urban knife fight that tested the Marines' resolve and training to the limit. At the heart of the drama were the fifty or so young Marines, most of whom had never been to war, who were embroiled in a battle of epic proportions from which neither their commanders nor the technological might

# Read Online Generation Kill By Evan Wright Fasionore

of the U.S. military could save them. With a novelist's gift for pace and tension, Tim Pritchard brilliantly captures the chaos, panic, and courage of the fight for Nasiriyah, bringing back in full force the day that a perfunctory task turned into a battle for survival.

"Ambush Alley" is a gut-wrenching account of unadulterated terror that's hard to read yet impossible to put down. London-based journalist and filmmaker Tim Pritchard, who was embedded with US troops during the initial stages of the American-led invasion of Iraq, paints a compelling picture of one of the costliest battles of the Iraq war that will at turns anger, horrify, and sadden, regardless of one's political views." --The Boston Globe
