Money changes everything, especially in politics. Politicians, think tanks, and political parties would not be where they are without monetary gifts. Yet, when it comes to celebrating donors, the media often praise liberals for their selfless giving and criticize conservatives for their selfish hoarding. But Ron Robinson and Nicole Hoplin, leaders of Young America's Foundation, set the record straight in *Funding Fathers: The Unsung Heroes of the Conservative Movement*. Part historical account of the conservative movement and part exposé about

political philanthropy, Funding Fathers busts the myth that conservatives donate less money than democrats and exposes how the media, liberal organizations, and even conservatives perpetuate this lie. In Funding Fathers, Robinson and Hoplin reveal: \* How conservative donors have had as much influence on the conservative movement as people like Ronald Reagan and William F. Buckley Jr. \* Why anonymous donations can do more harm than good to the conservative movement \* How donations benefiting conservative ideas are often misappropriated at universities across the U.S. \* How conservative politicians and organizations use donations more efficiently than liberals

Money matters. But it is not the size of the donation that counts, it is the impact it makes. Funding Fathers shows how

the unsung heroes of the conservative movement have not only influenced the past, but also how they continue to shape the future.

Debating the American Conservative Movement chronicles one of the most dramatic stories of modern American political history. The authors describe how a small band of conservatives in the immediate aftermath of the Second World War launched a revolution that shifted American politics to the right, challenged the New Deal order, transformed the Republican party into a voice of conservatism, and set the terms of debate in American politics as the country entered the new millennium. Historians Donald T. Critchlow and Nancy MacLean frame two opposing

perspectives of how the history of conservatism in modern America can be understood, but readers are encouraged to reach their own conclusions through reading engaging primary documents.

The triumph of the conservative movement in reshaping American politics is one of the great untold stories of the past fifty years. At the end of World War II, hardly anyone in public life would admit to being a conservative, but as Lee Edwards shows in this magisterial work, in the 1950s, 1960s, and 1970s, a small group of committed men and women began to chip away at the liberal colossus, and their descendants would scale the ramparts of power in the 1980s and 1990s. Not even the fall of Newt Gingrich has changed the

indisputable fact that the movement has truly rewritten the rules of American political life, and the republic will never be the same. Edwards tells the stories of how conservatives built a movement from the ground up by starting magazines, by building grass-roots organizations, and by seizing control of the Republican party from those who espoused collaboration with the liberals and promised only to manage the welfare state more efficiently and not to dismantle it. But most of all he tells the story of four men, four leaders who put their personal stamp on this movement and helped to turn it into the most important political force in our country today: \* Robert Taft, "Mr. Republican," the beacon of conservative principle during the lean Roosevelt and Truman years \* Barry Goldwater, "Mr. Conservative," the flinty Westerner who

inspired a new generation \* Ronald Reagan, "Mr. President," the optimist whose core beliefs were sturdy enough to subdue an evil empire \* Newt Gingrich, "Mr. Speaker," the fiery visionary who won a Congress but lost control of it By their example and vision, these men brought intellectual and ideological stability to an often fractious conservative movement and held the high ground against the pragmatists who would compromise conservative principles for transitory political advantage. And through their efforts and those of their supporters, they transformed the American political landscape so thoroughly that a Democratic president would one day proclaim, "The era of big government is over." Political history in the grand style, *The Conservative Revolution* is the definitive book on a conservative movement

that not only has left its mark on our century but is poised to shape the century about to dawn.

The things I want to know are in books, Abraham Lincoln wrote, and so he read. Good books are rightly addictive, enticing the dedicated reader to open more books, and gain more knowledge, and come closer to wisdom. The more one reads, John Adams observed, the more one sees we have to read. Books contain the ideas, make the arguments, and preserve the history necessary for the maintenance and perpetuation of liberty. Reading the Right Books is a practical list of thoughtful and accessible books-not the classics but solidly good books-recommended to provide a general framework around which the reader can build a firmer

structure of political knowledge. Edited and annotated by Lee Edwards, the Distinguished Fellow in Conservative Thought at The Heritage Foundation, *Reading the Right Books* is a guide for intelligent, conservative-minded readers who want to prepare themselves for a public life of thought and action, and to seek to know more about politics, public policy and modern conservative thought, as well as literature, economics, religion, history, and statesmanship.

Asserting that the Obama administration's policies flirt dangerously with socialism, the authors offer a plan for a smaller government, one that maximizes economic growth and avoids infringing on individual liberty and private-property rights.

The *Unfolding Tradition: Jewish Law After Sinai* presents different approaches to understanding how Jewish law should be interpreted and applied in our time, as articulated by leading rabbis of the Conservative movement. The book includes readings by Zacharias Frankel, Solomon Schechter, Mordecai Kaplan, Robert Gordis, Jacob Agus, Abraham Joshua Heschel, David M. Gordis, Louis Jacobs, Joel Roth, Neil Gillman, Edward Feld, Alana Suskin, Raymond Scheindlin and Gordon Tucker, as well as theorists on the right and the left of the Conservative movement. The book also compares Jewish and American law, and asks questions about the nature of legal systems, the relationship between law and religion, and the evolution of law.

An affectionate portrait of the man who started it all "With this graceful homage to Bill Buckley, two people who have known the pleasure of his company as friends and colleagues place him where he incontestably belongs--at the center of the conservative political movement that moved the center of American politics to the right." --George F. Will, Newsweek "Strictly Right paints an intimate and penetrating portrait of the elegant and multifaceted figure who has helped to add a new dimension to the American political canvas." --Henry A. Kissinger "Bill and I and others have been good friends for almost sixty years and I thought I knew of his life as well as anyone, but Linda and John have brought the events together in a magnificent story that surpasses all that we have

absorbed. If you like and admire Bill, you must read this. If you don't, read it anyway--it will be good for you." --Evan G. Galbraith, former Ambassador to France and Chairman of National Review "Linda Bridges and John Coyne evoke the true old times, when every morning brought a noble chance, and every chance brought out William F. Buckley Jr., ready to write, speak, question, provoke, tease, or praise, in print, in person, or on the tube, as required. All honor to him, and to the authors who capture him in these pages." --Richard Brookhiser, author of *What Would the Founders Do?: Our Questions, Their Answers*

In this provocative history of the Right in modern America, Critchlow finds a deep dilemma inherent in how conservative

## Bookmark File PDF Guided Reading A Conservative Movement Begins

Republicans expressed their anti-statist ideology in an age of mass democracy and Cold War hostilities. As the Right moved forward with its political program, partisanship intensified and ideological division widened--both between the parties and across the electorate. This intensified partisanship reflects the vibrancy of a mature democracy, Critchlow argues, and a new level of political engagement despite its disquieting effect on American political debate.

A new understanding of the man who changed the face of American politics William F. Buckley Jr. is widely regarded as the most influential American conservative writer, activist, and organizer in the postwar era. In this nuanced biography, Alvin Felzenberg sheds light on little-known aspects of Buckley's

# Bookmark File PDF Guided Reading A

career, including his role as back-channel adviser to policy makers, his intimate friendship with both Ronald and Nancy Reagan, his changing views on civil rights, and his break with George W. Bush over the Iraq War. Felzenberg demonstrates how Buckley conveyed his message across multiple platforms and drew upon his vast network of contacts, his personal charm, his extraordinary wit, and his celebrity status to move the center of political gravity in the United States closer to his point of view. Including many rarely seen photographs, this account of one of the most compelling personalities of American politics will appeal to conservatives, liberals, and even the apolitical.

Solomon Schechter (1847--1915), the charismatic leader of

## Bookmark File PDF Guided Reading A Conservative Movement Begins

New York's Jewish Theological Seminary (JTS), came to America in 1902 intent on revitalizing traditional Judaism. While he advocated a return to traditional practices, Schechter articulated no clear position on divisive issues, instead preferring to focus on similarities that could unite American Jewry under a broad message. Michael R. Cohen demonstrates how Schechter, unable to implement his vision on his own, turned to his disciples, rabbinical students and alumni of JTS, to shape his movement. By midcentury, Conservative Judaism had become the largest American Jewish grouping in the United States, guided by Schechter's disciples and their continuing efforts to embrace diversity while eschewing divisive debates. Yet Conservative Judaism's fluid boundaries also proved problematic for the

## Bookmark File PDF Guided Reading A Conservative Movement Begins

movement, frustrating many rabbis who wanted a single platform to define their beliefs. Cohen demonstrates how a legacy of tension between diversity and boundaries now lies at the heart of Conservative Judaism's modern struggle for relevance. His analysis explicates four key claims: that Conservative Judaism's clergy, not its laity or Seminary, created and shaped the movement; that diversity was -- and still is -- a crucial component of the success and failure of new American religions; that the Conservative movement's contemporary struggle for self-definition is tied to its origins; and that the porous boundaries between Orthodox, Conservative, and Reform Judaism reflect the complexity of the American Jewish landscape -- a fact that Schechter and his disciples keenly understood. Rectifying misconceptions in
