MacHale launches his eerie new trilogy with a story so packed with chilling suspense, readers will want to sleep with the light on. * * * The voices grew louder, more urgent, as if they were running out of time. It sounded like gibberish. It was gibberish. I knew that. It was a dream, right? That's what I told myself and it calmed me down. That is, until I heard a single word break through the haze as plain and clear as if someone had leaned over and spoke directly into my ear. --Morpheus.

co-creator of the popular Nickelodeon series *Are You Afraid of the Dark?* comes *STORM*, the exhilarating, action-packed sequel to *SYLO*: After a harrowing escape from Pemberwick Island, Tucker Pierce and his surviving friends—Tori, Kent, and Olivia—have finally reached the mainland, only to find that no one is left. That's not their only sickening discovery. Moments before they are attacked by another of the mysterious black planes, they investigate one's wreck and are horrified to find that it bears the logo of the U.S. Air Force. This can only mean one thing: the United States is at war with itself—the deadly technology of the Air Force against the brute force of the Navy's *SYLO* unit, which still holds Pemberwick Island and its residents captive. Tucker must lead his friends to safety, but his head is spinning. How can the Air Force be perpetuating such genocide against not only its own citizens, but the

world? What is SYLO's role in this, and why did Tucker's parents betray him by allying with SYLO, whose commander, Captain Granger, killed Tori's father at point-blank range? And what did his mother mean when she told him to trust no one? Tucker, Tori, and friends set off cross-country on a quest for answers and, for Tucker, vengeance. But as one highway gives way to the next—and one death-defying escape precedes another—Tucker soon realizes that "trust no one" doesn't just mean the U.S. military.

This volume is a Bible history, reaching, in its present imperfect form, from Adam to the death of Saul. It has come to us only in a Latin translation (made from Greek, and that again from a Hebrew original), and by an accident the name of the great Jewish philosopher of the first century, Philo, has been attached to it. Let me say at once that the attribution of it to him is wholly unfounded, and quite ridiculous: nevertheless I shall use his name in italics ('Philo') as a convenient short title. Its importance lies in this, that it

is a genuine and unadulterated Jewish book of the first century--a product of the same school as the Fourth Book of Esdras and the Apocalypse of Baruch, and written, like them, in the years which followed the destruction of Jerusalem in A.D. 70. It is thus contemporary with some of the New Testament writings, and throws light upon them as well as upon the religious thought of the Jews of its time. --from the Introduction
