Technology and the Making of the WestMoving west took daring and courage. People risked their lives to open the West to commerce and settlement, braving harsh climatic and geologic conditions to cross the country and secure the land. Technology helped ease some of the strain and, in some cases, ensured success. Canals, stagecoaches, and railroads made it possible for thousands of people to ...

Students of Western civilization need more than facts. They need to understand the cross-cultural, global exchanges that shaped Western history; to be able to draw connections between the social, cultural, political, economic, and intellectual happenings in a given era; and to see the West not as a fixed region, but a living, evolving construct. These needs have long been central to *The Making of the West*. The book 's chronological narrative emphasizes the wide variety of peoples and cultures that created Western civilization and places them together in a common context, enabling students to witness the unfolding of Western history, understand change over time, and recognize fundamental relationships.

Hailed as a path-breaking contribution and a sensible new choice for the Western Civilization classroom of the 21st century, *The Making of the West: Peoples and Cultures* -- written by a team of notable historians and experienced teachers -- offers a new synthesis, one that reveals history as a process while capturing the spirit of each age.
