The Word For The World trains Bibleless people to translate the Bible into their own language. Become part of the vision to bring God's Word to all people in their heart language by 2050! Our Vision is the glory of God through transformed lives by the power of His Word in everyone's heart language.

~~The Word For The World Bible Translators~~

'The Word for World is Forest' is a mixed read. By that I mean that there were many strong aspects of this book and many weak aspects. Pros: As usual, Le Guin does an excellent job of imagining, and describing, the near infinite diversity of human life. 'The Word for World is Forest' is a fun, quick read, filled with decent dialogue and lots of action.

The World Is Flat: A Brief History of the Twenty-first Century is an international best-selling book by Thomas L. Friedman that analyzes globalization, primarily in the early 21st century.The title is a metaphor for viewing the world as a level playing field in terms of commerce, wherein all competitors, except for labor, have an equal opportunity. As the first edition cover illustration ...

When the inhabitants of a peaceful world are conquered by the bloodthirsty yumens, their existence is irrevocably altered. Forced into servitude, the Athsheans find themselves at the mercy of their brutal masters. Desperation causes the Athsheans, led by Selver, to retaliate against their captors, abandoning their strictures against violence. But in defending their lives, they have endangered the very foundations of their society. For every blow against the invaders is a blow to the humanity of the Athsheans. And once the killing starts, there is no turning back.

The award-winning masterpiece by one of today's most honored writers, Ursula K. Le Guin! The Word for World is Forest When the inhabitants of a peaceful world are conquered by the bloodthirsty yumens, their existence is irrevocably altered. Forced into servitude, the Athsheans find themselves at the mercy of their brutal masters. Desperation causes the Athsheans, led by Selver, to retaliate against their captors, abandoning their strictures against violence. But in defending their lives, they have endangered the very foundations of their society. For every blow against the invaders is a blow to the humanity of the Athsheans. And once the killing starts, there is no turning back. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

This important book proposes a new account of the nature of language, founded upon an original interpretation of Wittgenstein. The authors deny the existence of a direct referential relationship between words and things. Rather, the link between language and world is a two-stage one, in which meaning is used and in which a natural language should be understood as fundamentally a collection of socially devised and maintained practices. Arguing against the philosophical mainstream descending from Frege and Russell to Quine, Davidson, Dummett, McDowell, Evans, Putnam, Kripke and others, the authors demonstrate that discarding the notion of reference does not entail relativism or semantic nihilism. A provocative re-examination of the interrelations of language and social practice, this book will interest not only philosophers of language but also linguists, psycholinguists, students of communication and all those concerned with the nature and acquisition of human linguistic capacities.

Freire and Macedo analyse the connection between literacy and politics according to whether it produces existing social relations, or introduces a new set of cultural practices that promote democratic and emancipatory change.

Winner of the Stowe Prize Winner of the NBCC Prize for Nonfiction This compelling #1 New York Times bestseller examines the legacy of slavery in America—and how both history and activism continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation’s collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, How the Word Is Passed illustrates how some of our country’s most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith’s debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

Colonists from Earth take over a planet that the locals call Athshe, and follow the 19th century model of colonization, which involves cutting down trees, planting farms, building mines, and enslaving indigenous peoples. The Athsheans eventually retaliate against their captors, abandoning their rules against violence and endangering the very foundations of their society.

Words have always held great power in the Gaelic traditions of the Scottish Highlands: bardic poems bought immortality for their subjects; satires threatened to ruin reputations and cause physical injury; clan sagas recounted family origins and struggles for power; incantations invoked blessings and curses. Even in the present, Gaels strive to counteract centuries of misrepresentation of the Highlands as a backwater of barbarism without a valid story of its own to tell. Warriors of the Word offers a broad overview of Scottish Highland culture and history, bringing together rare and previously untranslated primary texts from scattered and obscure sources. Poetry, songs, tales, and proverbs, supplemented by the accounts of insiders and travellers, illuminate traditional ways of life, exploring such topics as folklore, music, dance, literature, social organisation, supernatural beliefs, human ecology, ethnic identity, and the role of language. This range of materials allows Scottish Gaeldom to be described on its own terms and to demonstrate its vitality and wealth of renewable cultural resources. This is an essential compendium for scholars, students, and all enthusiasts of Scottish culture.

The evangelical publishing community has been growing for more than two hundred years. Candy Gunther Brown explores the roots of this far-flung conglomeration of writers, publishers, and readers, from the founding of the Methodist Book Concern in 1789 to the 1880 publication of the runaway best-seller Ben-Hur.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.
